NHUA 'does' Social Media!

As some of you will already have noticed, over the last couple of weeks the North's Social Media profile has been transformed and we now have several ways in which you can keep up to date with news and events. We hope that by utilising Social Media more effectively we will be able to engage with more people and promote umpiring throughout the North, in addition to providing additional support to NHUA members.

What if you 'don't do' social media?

Don't panic! Firstly, all of the pages* are public so you will be able to access them simply by using the links and view all of the content, you just won't be able to comment or 'get involved' with any of the posts without having the relevant accounts. Also, emails and updates will still be coming out in the usual way from the Management and Selection Committees so nobody will be missing out.

*As well as the Pages, there is also an NHUA Members only Facebook group which you will need a Facebook account to access.
